

## Stuff Starts Up - FULL

First off, nothing.  
No light, no time, no substance, no matter.  
Second off, God starts it all up and WHAP!  
Stuff everywhere!

Day One: Then God's voice booms out, 'Lights!' and, light floods the skies.

God gives it the big thumbs up, calls it 'day'.

Day Two: God says, 'Sky – right there between the waters above and below.'

And it happens.

Day three: God says, 'Too much water! We need land.'

God smiles, but says, 'It's too plain!'

And the earth goes wild with trees, bushes, plants and flowers.

'Yes!' says God.

Day four: 'We need a "sun" for the day, a "moon" for the night;  
And give us "stars", masses of stars'

Day five: 'OK, fish and birds:

'I want the whole caboodle!'

He sits back and smiles, says, 'Result!'

Day six: 'Now, animals:

'Insects, amphibians, reptiles, mammals...'

'Let's have some fun with the shapes, sizes, colours, textures!'

Then God says, 'Let's make people – like us, but human.

So God makes people, like him, but human.

He makes male and female.

God looks at everything he's made, and say, 'Fantastic. I love it!'

Day seven; Job done

Rest Day.
